

Dayton, OH Weekend Fly-In (KMGY) August 25-28, 2016

Registration Worksheet

On the following pages is a copy of the online registration form for the fly-in. Use the worksheet to help orient yourself to the information that you will be asked to enter when completing the online registration form. The registration process requires that a form must be filled out for each member as well the member's spouse or guest(s).

Members can add a spouse/guest(s) by clicking the **Add guest** button at the bottom of the registration page.

When a member is logged in, the first part of the form will be pre-populated with the contact information on record from the member database. If your contact information is incorrect, please do the following to update your member record:

- Click the **View Profile** link in the upper right hand corner of the page to access your member record.
- Click the **Edit Profile** button to access your member record.
- Make the necessary changes in your record.
- Click the **Save** button at the bottom of your profile record.
- Return to the event page and begin the registration.

Unfortunately, spouse and guest registration forms are not pre-populated at this time. We hope that a future software upgrade will have this functionality.
